

A CaringBridge Site has been created for Venice Bible Church.
It is a caring social network to help people stay connected
with family and friends during a health event.... all in one place.

Visit Venice Bible Church's site often to stay updated and share messages of
encouragement and compassion.

**Simply email (Sheila@vbcfl.com) or call the office and I will post your update
to this site.**

You may comment and reply to any posted message.

You will then receive notifications when an update is posted to this site.
Visit Venice Bible's site often to stay updated and share messages with one
another of encouragement and compassion.

******NOTE: This will replace the VBC group email messages. You can also
share needs for meals etc here. ******
